

LERISHIA NAIDOO

DIGITAL DESIGNER / FRONT-END DEVELOPER

OBJECTIVE

Creative and detail-oriented Digital Designer transitioning into Front-End Development and UI Design. Experienced in branding, visual communication, and digital content creation, bringing a user-focused approach to design. Skilled in HTML, CSS, and JavaScript, with Generative AI used to enhance creativity and streamline workflows. Thrives in fast-paced environments, contributing to collaborative teams delivering modern, intuitive, and impactful digital experiences.

EXPERIENCE

MID-LEVEL DESIGNER / DEVELOPER - HYBRID

The Foschini Group | Feb 2025 - Present

- Design and develop digital assets and visual layouts for internal and brand-facing communication.
- Create responsive, user-focused designs optimized across multiple digital platforms.
- Enhance workflow efficiency by researching, testing, and integrating AI-driven creative tools.
- Collaborate within a forward-thinking team leveraging AI to automate processes and accelerate website development, improving speed, scalability, and overall production efficiency.
- Ensure consistent brand identity across all visual and digital deliverables.

JUNIOR GRAPHIC DESIGNER - HYBRID

The Foschini Group | May 2024 – Jan 2025

- Developed visually engaging digital collateral to support communication and campaigns.
- Created reusable templates to streamline design consistency and productivity.
- Edited video content and applied accessibility enhancements.
- Created branded posters, layouts, and digital assets.

MARKETING ASSISTANT (FULL TIME) & MARKETING DESIGNER (INTERNSHIP) – FULL TIME

SFF PTY LTD | Jun 2022 - Feb 2024

- Designed and produced marketing assets, including flyers, promotional content, and campaign visuals.
- Maintained and updated websites, improving UI, visual appeal, and user experience.
- Created photography and videography content for brand and product marketing.
- Strengthened brand identity through consistent visuals, including a user-friendly digital catalogue.
